

Plant Hardy Boy®

for Proven Garden Performance

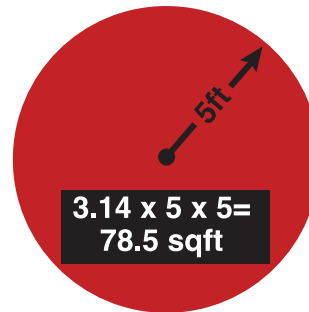

How many plants will I need?

Area of a Square/Rectangle LENGTH x WIDTH

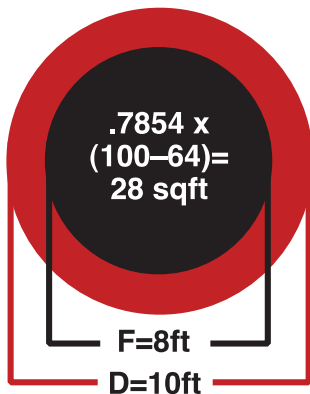

Spacing	Plants/100sqft
4"	900
6"	400
8"	225
10"	144
12"	100

Area of a Circle 3.14 x RADIUS

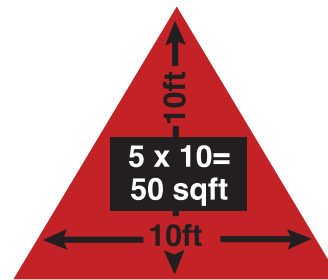

Spacing	Plants/80sqft
4"	720
6"	320
8"	180
10"	114
12"	80

Annulus (Border) of a Circle 0.7854 x (D2 - F2)

Spacing	Plants/28sqft
4"	252
6"	112
8"	63
10"	41
12"	28

Area of a Triangle 1/2 BASE x HEIGHT

Spacing	Plants/50sqft
4"	450
6"	200
8"	112
10"	72
12"	50

Application Rates for Bulk Material:

(1 cu ft=)		(1 cu yd=)	
12 sqft	1" Deep	364 sqft	1" Deep
6 sqft	2" Deep	162 sqft	2" Deep
4 sqft	3" Deep	91 sqft	3" Deep
3 sqft	4" Deep	45.5 sqft	4" Deep

General Rule of Thumb for planting 4paks:

For best results don't break up the 18/4pak, you will have a stronger plant structure if you plant the whole 4pak. Plant on 8"-10" centers. Per 100sqft use 8-12 flats of the 18/4paks and 4-6 flats of the 10/4paks.
